C M 34-54-8

Subject - Payment of arrual contribution towards Occupational Institute, Davangere from the year 1951-52 and onwards P 80,000

With reference to your letters No L 7452/CM 34-54-4, dated, 22-9-1954 and L 8327/C M 34-54-5, dated 9-10-1954, forwarding therewith copy of letter No 101/714-A3, dated 4th August 1954, from the Accountant General Mysore, Bangalore, requesting that the entire amount of Rs 80,000/- should be credited to Treasury immediately or otherwise the Treasury would be intimated to reduce the balance at the credit of the Municipality, I write to state that the Municipal Council was requesting the Government to exempt them from the payment of the contribution for the previous years could not be paid in these years This has in consequence resulted in accumulation of arrears Excluding contribution for the current year, the Municipality has to pay an arrear of Rs 60,000/- The Municipality has many other heavy committments to pay during the current official year If the contributions for the year 1951-52 and 1952-53 had been paid during those years, it would have been easy to pay the contributions for 1953-54 and 54-55 Therefore the Municipal Council is not in a possission to pay the entire sum of Rs 80,000/- at once and in a lump Moreover sufficient balance is not forthcoming at the credit of the Municipality in the Treasury I therefore request you very kindly to allow sufficient time for the Municipality to pay such contributions in easy instalments This has been suggested without

without prejudice to the Municipal Council again approaching the Government with a request very kindly to waive such a heavy contribution and the slender resources of this Municipality Your letter as well as those received from the Accountant General will be placed before the Municipal Council at their next meeting before the end of this month and their wishes communicated to Government for kind Consideration Therefore, I request you, very kindly to address the Accountant General suitably in the matter not to instruct the Treasury to reduce the balance as this step will prevent the Municipality from meeting its monthly Salary bills, Street illumination charges, Power charges for Water supply and conservancy and Sanitation charges which are inevitable and most pressing
